STOCK MARKET

Strong Interests Sellers on the Exchange.

HEARST'S CHANCES CAUSE

Specialties Figure Largely in the Trading-Advances Made at the Opening.

NEW YORK, Nov. 4.-The closing tone of the stock market was feverish and unsettled.

The impression prevailed on the floor that a number of strong interests were sellers this morning. Although the best information is that this selling was not significant of any change in position by the leading interests, it induced general selling from many sources of speculative holdings of stock.

London sold mederately but not enough to be a factor. A large part of the selling of the general list is based on reports on the floor that the New York Herald canvass, to be published tomorrow, will show Hearst far in the lead. Government bonds were unchanged; other bonds firm.

The market opened strong, but still devoted to specialties. Erie rose in all 1% Ing %. Duluth, South Shore com1½, preferred 1; New York Air

The Safest Investments Are those that do not depend upon the financial responsibility or the stability of any individual or corporation. First deeds of trust (mortgage) notes liberally secured on good real estate in the District of Columbia constitute "gilt-edged" investments. These are the only kind we make and supply to investors. They bear interest, payable semi-annually, at the rate of Five per cent per annum, and may be had of us in amounts from \$500 and upward at par and accrued interest. Send for booklet, "Concerning Loans and Investments."
